Welcoming Notes

Introduction of Sabah Landscape Architecture Awards (SLAA 2026)

An overview of the SLAA awards, outlining its vision, objectives, and role in advancing landscape architecture in Sabah. The session highlights the importance of sustainability, cultural identity, and Nature-based Solutions in shaping future landscapes in Sabah.

9.15am

SLAA2026 Submission Briefing

A practical guide for participants on the SLAA2026 submission process, categories, and requirements. This session provides key insights into evaluation criteria, helping entrants prepare clear, compelling, and competitive submissions.

10:45am

Skill Lab Session 1

Nature-based Solution (NBS) Application

An introduction to the principles and applications of Nature-based Solutions in landscape architecture. The session explores how NBS can address environmental challenges while enhancing ecological performance, resilience, and user experience.

11:15am

Skill Lab Session 2

NBS Case Study: Kuala Lumpur Green Connectors

A real-world case study showcasing the implementation of Nature-based Solutions through Kuala Lumpur's green connector initiatives. The session highlights strategies for integrating green networks within urban environments to improve connectivity, biodiversity, and liveability.
